

GRACIE TO BROADCAST FROM FRANCE TO-NIGHT

THE B.B.C. announces that it is hoped to broadcast Gracie Fields at 9.30 to-night when she is entertaining the troops "somewhere in France."

News of Gracie's arrival in the area just behind the British line is greeted with great enthusiasm by the British troops.

Men of a famous regiment from Gracie's own Lancashire are so delighted that they have expressed the wish to march into the town where she will appear, rather than go by motor transport.

They have borrowed musical instruments, and will play "Sally" and all the other well-known numbers associated with Gracie when she sings to them.—
